

## Product Backlog

1

As a visitor of the site, I need to be able to see all the information I need about the topic I'm looking on.

2

As a visitor of the site, I need to be able to search for terms so that I can easily know what they mean or where or what parts in the lessons they appear.

3

As a visitor of the site, I need to be able to read posts of other people or create my own post so that I can be updated with what's going on.

## Sprint Backlog

1

Research about Scrum, sitemap, and wireframe

2

Create sitemap for my web site

3

Wireframe at least 3 pages in my web site
